

**Test & Electronic Equipment, Tool & Machine Spares, Filter Boxes, Lighting, Pumps,
PPE, etc - Unsold Lots**

Lot No	Description
4	Combustion engineering control box, model 3240/3241
6	Projector screen Harkness Hall Easi-rect in case
7	LG screen 31"
8	ABB control serial no. ACS880-01-145A-3+E300+H358+R700
10	Pallet of Piiz circuit boards
12	Machine spindle
13	Machine spindle
14	Machine spindle
16	CMS grinding spindle serial 102 24000
17	Rexroth motor type MAD180D-0200-5A S2 HH2 35 NI
19	Voumard grinding spindle, 18000 RPM
22	Pallet of various grinding spindles 13off total
26	Phillip Harris control box
27	Wilp Heerbrugg control box
28	Two Pendant controls
29	Adjustable light 240volt RS No 856-285
30	Two adjustable light sources 240v
31	Adjustable light sources 240v
32	Pickelex heated acid bath
35	Two ARO welding technologies cylinders
37	Three boxes various cameras and lenses
38	Box various lab dispensers
39	Micro lab P hand pipette
43	Hanna H1903 conductivity meter
45	Arthur Russel VBT-5 super Tuner
46	Merck turbiquant 1500T
47	Vacumatic digital controller
48	Daue transistor strobe flash
50	Grace Dearborn bioscan monitor
51	Two various gas monitors
52	Partec sludge level detector
54	Various Batteries
55	Digital tachometer
56	Dynamics strobe light
58	Rosemount heat sink
61	Air conditioning kit
63	Three various Thermocouple probe
65	Two temperature probes
66	level transducer
67	Sighting scope on stand
68	Three Automatic cylinder change over nuts
69	Reflecta diameter AFM unit
70	Three various digital controls
73	Allan Bradley various parts
75	Macome reader heads GS-315
76	Sick sensor PLS 101-312

81	Three pencil grinders model 101E (unused)
82	ATA model RAM20LR (unused)
83	Pneumatic air cropper
84	SKF hydraulic hand pump
89	Agilent processor board part No.05890-60017
90	Electromantlce small crucibles 240v
96	Case of various computer leads
97	Module
100	Quantity of disposable overalls
103	Box medium latex gloves
104	Electrical Vehicle gloves and barrier tape
106	High vis waist coats
107	Shoe protectors
108	Clarke workshop fan 240v
110	Two Track switch boxes
111	Bray series 92/93 pneumatic actuator
112	Eppendorf temperature pipette
113	Four boxes of auto sampler vails
114	Small heating oven
115	Two Krone flow meters and Krone parts
116	Box various fittings
117	Robot control pendants
118	Light box
119	Festo pneumatic assembly
120	Festo pneumatic assembly
121	Festo pneumatic assembly
123	Qty velt valves and controllers on 2 shelves
129	Hofman sensor and 1 x Elaso 15310 sensor
130	Status instruments DM4000 readouts, 17off
131	Status instruments DM4000 readouts, 17off
132	Two stepper motors
139	Eight square D valves
140	Four Deublin rebuild kits
141	Solenoid valves and spares
144	Two boxes various gauges / regulators
146	Howdon disc pads
147	part roll flat 2 core cable
149	Various fans on one shelf
150	Elga water dispenser
151	Nine stage lights
152	Four stage lights
156	Various light on one shelf
157	Three various light on one shelf
158	Ten Tramlite light fittings MG100
162	Box various computer chips Eprom etc
164	Box various computer chips Epsom etc
166	Box various computer boards
169	Box various sensors etc
172	Quantity of single link extenders X-DVIPRO and Adder model X2gold cpu/kvm switch

174	Quantity of various computer boards
175	Quantity of various computer adaptors
176	Agema thermopoint 1000 kit
177	Various pneumatic tube and accessories
179	Light guards contents of roller cage (cage not included)
180	Bottle trolley
185	Showtex vehicle auto reveal
187	Unitemp drying cabinet
189	Two RS 793-2777 and 2771 tool balancers (unused)
190	Glass condenser assembly
191	Aranaki oil skimmer (unused)
197	Four boxes of Phoenix contact blocks
198	Three boxes of Phoenix contact blocks
199	Synchronising trolley
200	Three Various pumps
202	Box various fibre optic lights and sources
203	Pair pallet trucks
204	Airflow developments meter
211	Floor line tape dispenser
213	Three Tables 1200mm x 600mm x 840mm high
214	Wooden table with two draws: 6ft x 2ft 6" x 3 ft
215	Twenty chipboard sheets 570mm x 2140 mm x 25m thick
